

## **All – About – Me Collage**

In this activity, students will find 6-10 pictures of things that represent them – favourite things, favourite activities, hobbies etc .They will then use a PowerPoint slide to create an all-about-me collage. The collage can be printed or as a slide show.

### **Web Resources for images:**

[Pics4Learning](#)

[Google Image Search](#)

### **Harvesting Pictures:**

Open your browser, search for an appropriate image, position your cursor directly over the image. Right-click on the image, a menu appears. Choose save image as. Take note of where the image is being saved.

### **Creating an AutoShape:**

Open blank PowerPoint document

Click the AutoShape tool in the drawing toolbar

Click a desired shape, click or click and drag to add the shape to your screen

### **Inserting the Image:**

Click to select the shape

In the drawing toolbar, click on the triangle beside the paint bucket (options) and choose Fill Effects

Click the picture tab at the top of the window – Select Picture button, Find the images collected earlier

### **Creating the Collage:**

Repeat above steps to create shapes and insert each of your images

Move and resize the images

Use Word Art tool to add your name

To add background colour, pull down the Format menu - Background
